

Cleanroom Hygiene Station

A Cleaner Entry.
A Safer Tomorrow.

What is a **Hygiene Station?**

A **Hygiene Station** is a complete sanitation checkpoint installed before entering **clean or controlled areas**.

It helps employees disinfect their hands, sanitize footwear and maintain proper hygiene — reducing the risk of contamination in sensitive environments.

Cleaner Entry. Safer Workplace.

WHY EVERY FACILITY NEEDS A HYGIENE STATION

Reduces Contamination

Improves Workplace Hygiene

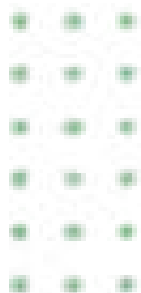

**Supports GMP & HACCP
Compliance**

Promotes Employee Safety

**Creates a Clean Working
Environment**

KEY FEATURES

Hand Sanitizer Dispenser

Shoe Sole Cleaning
